Profile

Ambitious and pragmatic Computer Science student with over two years of experience in the field. Busy with computers and tech projects from the age of 7.

Experience

Junior Software/DevOps engineer, PROCENTEC / Anybus Diagnostics

JANUARI 2022 – HEDEN

For this job I had some devops responsibilities like building pipelines or other development/deployment architectures. I also did some front-end development work in the Angular 8 JS framework. Worked alongside and together with an RnD team. This job was very valuable for the development of these skills:

- Angular, JS/TS, (Embedded) Linux, Network management, Industrial Ethernet, CI/CD

Junior Web Developer, IDD

MEI 2021 – OKTOBER 2021

Full stack web development for multiple clients integrating SQL databases into web apps for data observation and manipulation. This job taught me the basics of web development, developing these skills for me:

- HTML, CSS, JS, SQL, and PHP

Stock Clerk, Albert Heijn

SEPTEMBER 2019 – APRIL 2021

My first job, a side job refilling stocks at a local super market chain. I started this job on my 15th birthday, the first day I could legally work. This job was not intellectually challenging but it taught me work ethic from early on.

Education

Computer Science, Rotterdam University of Applied sciences

2021 – HEDEN

Currently obtaining my HBO-ICT (BSc) in the Honours Programme of Computer Science. This programme allows me to develop many skills, including but not limited to:

- Hardware Prototyping, Design Patterns, Algorithms, Functional Programming (Haskell), System Engineering, Project Development cycles (Agile), Requirement and Stakeholder analysis, Cyber Security.

Preparatory Scientific Education, Grotius College, Delft

2015 – 2021

Obtained my secondary education diploma at the highest level. Here I acquired IB English diploma and also developed strong basis in Algebra and Calculus. Along with this I learnt to speak the French and German language.

Certificates

Multiple Cyber Security certs, see my LinkedIn page for the details.
